

## **Assistant Program Director, PADS**

**Are you looking for something to do in your spare time? Do you have a desire to help others that may not be part of your regular routine? Are you semi-retired, or soon to be retired? If any of these apply, the PADS program at Hesed House is looking for you.**

**We're looking for one or more part-time staff in the PADS program.**

The successful applicant would be employed as a substitute for regular staff members who are unavailable for duty. There would not be a fixed schedule, nor any minimum or maximum hours worked. Payment would be on the basis of hours worked.

This successful applicant could be called on to work at any point in our 24/7 PADS program. This program is an emergency shelter, and the Assistant Program Director is responsible for feeding, sheltering and caring for as many as 200+ guests each evening, working in conjunction with a corps of volunteers.

If interested, please send an e-mail to Leonard Eickhoff, PADS Director, at [leickhoff@hesedhouse.org](mailto:leickhoff@hesedhouse.org).
